

# Marina Salinas Boat Show

This weekend the annual Boat Show is taking place at the Marina Salinas in San Pedro del Pinatar harbour.

The town's fourth Boat Show is being staged from April 17 to 20 and an estimated 40,000 people are expected to attend the event, which is one of the most important exhibitions of its kind on the Mediterranean coast.

More than 40 national and international exhibitors will be taking part and around 100 new and used boats will be displayed in the 50,000 square metres of exhibition space.

The Show is open to professionals, amateurs and members of the public and features all sorts of products and services related to the nautical world.

Boat lovers will be able to see the latest sails, engines, electronic devices, safety equipment, clothing and accessories and much more.

Boat maintenance companies, yacht brokers, charter services, sailing schools, legal advisors and insurance companies will also be participating in the Show.

But the Show is not just about boating. Top exhibitors will also be offering jet ski, windsurf, kite surf and diving and fishing equipment and accessories at competitive prices.

Marina Salinas has several restaurants, bars and cafés offering a wide variety of national and international cuisine. A large free car park is also available for visitors.

The Show will be open from 10am to 8pm, weather permitting.

To find Marina Salinas take exit 774, San Pedro del Pinatar-Pilar de la Horadada off the AP-7 motorway, drive towards the beach, pass the Mercure Thalasia hotel and take the third exit at the 'flamingos' roundabout which goes across the salt marsh natural park.
